

HOME EQUITY CREDIT LINE EARLY DISCLOSURE

IMPORTANT TERMS OF OUR HOME EQUITY CREDIT LINE

This disclosure contains important information about our Home Equity Credit Line (the "Plan" or the "Credit Line"). You should read it carefully and keep a copy for your records.

AVAILABILITY OF TERMS: All of the terms of the Plan described herein are subject to change. If any of these terms change (other than the **ANNUAL PERCENTAGE RATE**) and you decide, as a result, not to enter into an agreement with us, you are entitled to a refund of any fees that you paid to us or anyone else in connection with your application.

SECURITY INTEREST: We will take a security interest in your home. You could lose your home if you do not meet the obligations of your agreement with us.

POSSIBLE ACTIONS: Under this Plan we have the following rights:

Termination and Acceleration. We can terminate the Plan and require you to pay us the entire outstanding balance in one payment, and charge you certain fees, if any of the following happens:

- You engage in fraud or make a material misrepresentation in connection with the Plan.
- You do not meet the repayment terms.
- Your action or inaction adversely affects the collateral for the Plan or our rights in the collateral.

We can refuse to make additional extensions of credit or reduce your credit limit if:

- The value of your home securing the Credit Line declines significantly below the home's appraised value for purposes of the Plan.
- We reasonably believe that you will be unable to fulfill your repayment obligations under the Plan due to a material change in your financial circumstances.
- You are in default under any material obligation of the Plan.
- Government action prevents us from imposing the **ANNUAL PERCENTAGE RATE** ("APR") provided for under the Plan or impairs our security interest such that the value of the security interest is less than 120 percent of the credit limit.
- We have been notified by a regulatory agency that continued advances may constitute an unsafe and unsound business practice.

The initial agreement permits us to make certain changes to the terms of the agreement at specified times or upon the occurrence of specified events.

MINIMUM PAYMENT OPTIONS:

We offer two payment plans: the "Interest Only" payment plan and the "Principal and Interest" payment plan. Terms apply to all plans unless otherwise indicated.

MINIMUM PAYMENT REQUIREMENTS (Interest Only):

You can obtain advances of credit during the first TEN (10) YEARS (the "Draw Period"). During the Draw Period, you will make 120 payments which will be due monthly. The "Minimum Payment" will equal the amount of your accrued FINANCE CHARGES on the outstanding balance or \$100.00, whichever is greater and may include any amount past due or other charges. If the outstanding balance of your Credit Line, including accrued but unpaid finance charges are less than \$100.00, you agree to pay the balance in full. Any increase in the **ANNUAL PERCENTAGE RATE** may increase the amount of the Minimum Payment. Paying only the Minimum Payment during the Draw Period might not reduce the principal balance that is outstanding.

After the Draw Period ends, you will no longer be able to obtain credit advances and you must repay the outstanding balance (the "Repayment Period") over TWENTY (20) YEARS (240 months). During the Repayment Period, the Minimum Payment will be due monthly and will equal 1/240th of the outstanding balance (including accrued finance charges), or \$100.00, whichever is greater.

MINIMUM PAYMENT EXAMPLE:

If you took a single \$10,000 advance, obtained no additional extensions of credit, and the **ANNUAL PERCENTAGE RATE** was 6.50%, it would take 12 years to pay off the advance if you made only the minimum payments (\$100.00; see minimum payment requirements). During the Draw and Repayment periods you would make a total of 144 payments of \$100.00.

MINIMUM PAYMENT REQUIREMENTS (Principal and Interest):

You can obtain advances of credit during the first TEN (10) YEARS (the "Draw Period"). During the Draw Period, you will make 120 payments which will be due monthly. The "Minimum Payment" will equal 0.30% of the outstanding principal balance plus the amount of your accrued FINANCE CHARGES on the outstanding balance, or \$100.00, whichever is greater and may include any amount past due or other charges. If the outstanding balance of your Credit Line, including accrued but unpaid finance charges are less than \$100.00, you agree to pay the balance in full. Any increase in the **ANNUAL PERCENTAGE RATE** may increase the amount of the Minimum Payment. Paying only the Minimum Payment during the Draw Period may reduce the principal balance that is outstanding.

After the Draw Period ends, you will no longer be able to obtain credit advances and you must repay the outstanding balance (the "Repayment Period") over TWENTY (20) YEARS (240 months). During the Repayment Period, the Minimum Payment will be due monthly and will equal 1/240th of the outstanding balance (including accrued finance charges), or \$100.00, whichever is greater.

MINIMUM PAYMENT EXAMPLE:

If you took a single \$10,000 advance, obtained no additional extensions of credit, and the **ANNUAL PERCENTAGE RATE** was 6.50%, it would take 12 years to pay off the advance if you made only the minimum payments (\$100.00; see minimum payment requirements). During the Draw Period, if you made the minimum monthly payment on the principal balance plus the amount of the accrued **FINANCE CHARGES**, the outstanding principal balance would be \$2,249 at the end of the draw period (120 months). During the Repayment Period, you would continue to make principal and interest payments of \$100.00.

FEES AND CHARGES: In order to open and maintain an account, you may pay certain fees and charges:

Third Party Fees: You may have to pay certain fees to third parties such as appraisers, credit reporting agencies, title companies, etc. to open an account. These third party fees generally apply to lines secured by rental property or lines above \$500,000 but could apply to other loans also. These third party fees generally range between \$250 and \$4,000. Upon request, we will provide you with an itemization of the fees you will have to pay to third parties.

Prepayment Fee: If you terminate your Plan within three (3) years from the date of your Agreement, you may have to pay a Prepayment Fee. These fees generally total between \$0.00 and \$500. If you ask, we will provide you with an itemization of the fees. This fee does not affect your right to pay the balance of the home equity credit line down to \$0 at any time during the Draw Period. Additionally, no such charge will be assessed if we exercise our contractual rights to close the Plan or restrict advances under the Plan.

PROPERTY INSURANCE: You must carry insurance on the home that secures the Plan.

TRANSACTION REQUIREMENTS: If you ask, we will provide you with the minimum and/or maximum draw requirements associated with this plan.

TAX DEDUCTIBILITY: Consult a tax advisor regarding the deductibility of interest and charges for the Plan.

ANNUAL PERCENTAGE RATE: Does not include costs other than interest.

VARIABLE RATE INFORMATION: The Plan has a variable rate feature. The **ANNUAL PERCENTAGE RATE** (corresponding to the periodic rate) and the Minimum Payment amount can change as a result.

The **ANNUAL PERCENTAGE RATE** is based on the value of an "Index". The Index is the **PRIME RATE AS PUBLISHED IN THE WALL STREET JOURNAL**. To determine The **ANNUAL PERCENTAGE RATE** that will apply to your account, we add a margin to the value of the Index. Ask us for the current Index value, margin, discount, discounted time frame and APR. After you open a credit line, rate information will be provided on periodic statements that we will send you.

INITIAL ANNUAL PERCENTAGE RATE DISCOUNT INFORMATION: The initial ("Discounted") **ANNUAL PERCENTAGE RATE** is fixed and typically in effect for up to 9 billing cycles on owner occupied primary residences and 6 billing cycles on investment properties (rentals), second homes and vacation homes following the agreement date (not from the date of the first transaction) and is not based on the index and margin used to make later rate adjustments.

RATE CHANGES: The **ANNUAL PERCENTAGE RATE** can change monthly after the initial fixed period. The minimum APR that can apply to your Plan is 0.00% (the "floor rate"). The maximum **ANNUAL PERCENTAGE RATE** that can apply is 16%. Apart from this rate "cap," there is no limit on the amount by which the **ANNUAL PERCENTAGE RATE** can change during any one-year period.

RATE CAP OPTIONS: There are currently no rate cap options available.

MAXIMUM RATE AND PAYMENT EXAMPLE (Interest Only):

Draw Period: If the **ANNUAL PERCENTAGE RATE** during the Draw Period equaled 16% and you had an outstanding principal balance of \$10,000.00, the monthly payment would be \$134.51. This **ANNUAL PERCENTAGE RATE** could be reached during the first month of the draw period.

Repayment Period: If you had an outstanding principal balance of \$10,000 at the beginning of the Repayment Period, the minimum monthly payment at the maximum **ANNUAL PERCENTAGE RATE** would be \$139.16. This **ANNUAL PERCENTAGE RATE** could be reached during the first month of the repayment period.

MAXIMUM RATE AND PAYMENT EXAMPLE (Principal and Interest):

Draw Period: If the **ANNUAL PERCENTAGE RATE** during the Draw Period equaled 16% and you had an outstanding principal balance of \$10,000.00, the monthly payment would be \$164.51 (0.30% of the outstanding principal balance plus the amount of your accrued **FINANCE CHARGES** on the outstanding balance). This **ANNUAL PERCENTAGE RATE** could be reached during the first month of the draw period.

Repayment Period: If you had an outstanding principal balance of \$10,000 at the beginning of the Repayment Period, the minimum monthly payment at the maximum **ANNUAL PERCENTAGE RATE** would be \$139.16. This **ANNUAL PERCENTAGE RATE** could be reached during the first month of the repayment period.

HISTORICAL EXAMPLE TABLE: The Historical Example table below shows how the **ANNUAL PERCENTAGE RATE** and the minimum payments for a single \$10,000.00 credit advance would have changed based on changes in the Index during the last 15 years. The Index values are from the last day of December. While only one payment per year is shown, payments may have varied during each year. Different outstanding principal balances could result in different payment amounts.

The table assumes that no additional credit advances were taken, only the minimum payment was made, and each month has an equal number of days. It does not necessarily indicate how the Index or your payments would change in the future.
